**REQUEST FOR RECONSIDERATION TO THE PETITION TO WITHDRAW
HOLDING OF ABANDONMENT BASED ON FAILURE TO RECEIVE OFFICE
ACTION (MPEP 711.03(c) II AND 37 C.F.R. § 1.181)**

Sir:

In response to the Office of Petitions decision to deny Applicants' Petition under 37 C.F.R. 1.81 to Withdraw the Holding of Abandonment (Petition) filed September 17, 2007, Applicants hereby file this Request for Reconsideration.

Initially, Applicant point out that the Petition filed September 17, 2007 was filed on behalf of the Applicants by Kirk M. Miles of The Webb Law Firm. Mr. Miles and The Webb Law Firm serve as outside counsel for Becton Dickinson and Company, the assignee of the present application, for various matters before the U.S. Patent and Trademark Office. The undersigned attorney for Becton Dickinson and Company, Mark Schildkraut, authorized Mr. Miles to submit the Petition under 37 C.F.R. § 1.34 on behalf of Becton Dickinson and Company, and the Petition was signed by Mr. Miles with an indication of his capacity as "Attorney for Applicants under §1.34(a)". Please note that the correspondence address of record for this application remains unchanged.

The Decision sets forth the requirements for submission with respect to such a Petition, specifically noting that the Petition must be accompanied by a showing that the Notice was in fact not received, including a copy of the docket record where the non-received

communication would have been entered had it been received and docketed. Applicants submit that such a showing was presented in the prior Petition, and such a docket record was supplied. In fact, the Decision recognizes that such a showing was made, but indicates that it is not clear that the docket record provided in the Petition was from the correspondence address of record, i.e. that of Becton Dickinson and Company.

Applicants assert that the docket record provided is in fact that of the correspondence address of record, Becton Dickinson and Company, as prepared by Ms. Lorraine Kowalchuk, IP Administrator for Becton Dickinson and Company. These documents were provided by Becton Dickinson to Mr. Miles in his capacity as outside counsel for his use in preparing the prior Petition. Such submission included a copy of the Becton Dickinson docket record as Attachment A for the period of time where the Notice of Allowance would have been docketed had it been received. In particular, a Notice of Allowance with a mailing date of April 13, 2007 would have been docketed for July 13, 2007 (three months from the mailing date). As shown in Attachment A, there is no indication that the Notice of Allowance in the present case was ever received by Applicants. Moreover, Attachment B represents the docket record for the docket number 4461/2RI corresponding to the present case, which also provides no evidence that a Notice of Allowance was received for the subject application.

Submitted herewith are identical copies of the docket records identified as Attachment A and Attachment B in the previously submitted September 17, 2007 Petition, with further identification information included thereon in the present submission to clarify the origin of the docket records. The undersigned represents that the docket reports as printed out from the Becton Dickinson and Company corporate database do not include such identification information thereon, which appears to be the basis for confusion by the Office of Petitions with respect to the origin of the docket report. The undersigned hereby asserts, however, that the docket reports as presented in the prior Petition were in fact those prepared from the docketing system of the correspondence address of record, namely that of Becton Dickinson and Company.

Finally, the Decision suggests that the non-receipt of the Notice of Allowance appears to be due to a change in correspondence address to Mr. Miles, the signatory of the prior Petition, with the Decision noting that a lack of notification of a change of correspondence address does not constitute unavoidable delay. Applicants do not suggest that non-receipt of the Notice was based on any change of address. In fact, Applicants

suggest the exact opposite, that there has been no change of correspondence address, and the Notice was never received at the correspondence address of record, as demonstrated through the evidence presented. There has been no change of correspondence address, and the correspondence address remains as Becton Dickinson and Company. The simple fact remains that the Notice was never received by the correspondence address of record, as set forth by the evidence presented in both the prior Petition signed by outside counsel and by that accompanying the present request signed by corporate counsel.

Applicants reassert that the Notice of Allowance indicated as mailed on April 13, 2007 was not received by Applicants at the correspondence address of record, nor at any other address for that matter. A search of the file jacket and docket records in Applicants office confirms that the Notice of Allowance was not received. In consideration of the aforementioned submissions, Applicants respectively request that the Office of Petitions decision to deny Applicants' Petition under 37 C.F.R. 1.81 to withdraw the holding of abandonment (Petition) filed September 17, 2007 be reconsidered and reversed.

No fee is believed to be due for the filing of this petition. Nevertheless, the Commissioner for Patents is hereby authorized to charge any fees which may be required to Deposit Account No. 02-1666.

Respectfully submitted,

Becton Dickinson and Company
